4	A BILL
5	TO BE ENTITLED
6	AN ACT
7	
8	Relating to public K-12 education; to require the
9	State Department of Education to develop, and each local board
10	of education to adopt and implement, an anaphylaxis
11	preparedness program commencing with the 2015-2016 scholastic
12	year; to authorize the lead nurse employed by the local board
13	of education to collaborate with a local physician to develop
14	and maintain a protocol for emergency response that includes a
15	supply of premeasured, autoinjectable epinephrine on each
16	public school campus; and in connection therewith to have as
17	its purpose or effect the requirement of a new or increased
18	expenditure of local funds within the meaning of Amendment 621
19	of the Constitution of Alabama of 1901, now appearing as
20	Section 111.05 of the Official Recompilation of the
21	Constitution of Alabama of 1901, as amended.
22	BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:
23	Section 1. (a) The State Department of Education
24	shall develop an anaphylaxis preparedness program to be
25	adopted by each local board of education and implemented in
26	each K-12 public school commencing with the 2015-2016

27 scholastic year.

1The Alabama State Board of Pharmacy shall provide2guidance, direction, and advice to the State Department of3Education in developing and administering the anaphylaxis4preparedness program.

5 (b) The anaphylaxis preparedness program shall 6 incorporate the following three levels of prevention initiated 7 by licensed public school nurses as a part of the health 8 services program:

9 (1) Level I, primary prevention: Education programs 10 that address food allergies and anaphylaxis through both 11 classroom and individual instruction for staff and students.

12 (2) Level II, secondary prevention: Identification13 and management of chronic illness.

14 (3) Level III, tertiary prevention: The development
15 of a planned response to anaphylaxis-related emergencies in
16 the school setting.

17 (c) The lead nurse employed by the local board of education may collaborate with a local physician to develop 18 and maintain a protocol for emergency response that shall 19 include a supply of premeasured, autoinjectable epinephrine on 20 21 each public school campus to treat potentially life 22 threatening allergic reactions. Single dose autoinjectable 23 epinephrine may be administered to school children by the 24 school nurse, or unlicensed school personnel in accordance 25 with the State Department of Education and State Board of 26 Nursing approved curriculum for medication administration. A 27 school employee shall be immune from suit and not liable for

Page 2

1 any civil damages as a result of his or her acts or omissions 2 in the supervision or rendering of services, care, or assistance to a student under this section, nor shall he or 3 4 she be liable for any civil damages as a result of any act, or failure to act, to provide or arrange for further treatment, 5 6 care, or assistance. No information or protocols produced 7 related to this section shall be construed to establish a standard of care for physicians or otherwise modify, amend, or 8 supersede any provision of the Alabama Medical Liability Act 9 10 of 1996, commencing with Section 6-5-540, Code of Alabama 1975, or any amendment thereto, or any judicial interpretation 11 12 thereof. Any provision of law to the contrary notwithstanding, 13 a physician who is consulted or participates in regard to 14 anaphylaxis-related emergencies, or develops, maintains, or is 15 otherwise associated with, a protocol under this section, or takes any other action associated with, or related to, this 16 17 section, is immune from all civil and criminal liability for any such acts. 18

(d) The requirement that a supply of premeasured,
autoinjectable epinephrine be secured and maintained on each
public school campus shall only be enforced if funding is
provided by the state.

23 Section 2. Although this bill would have as its 24 purpose or effect the requirement of a new or increased 25 expenditure of local funds, the bill is excluded from further 26 requirements and application under Amendment 621, now 27 appearing as Section 111.05 of the Official Recompilation of 1 the Constitution of Alabama of 1901, as amended, because the 2 bill requires expenditures only by a school board.

3 Section 3. This act shall become effective on the 4 first day of the third month following its passage and 5 approval by the Governor, or its otherwise becoming law.
