14	The General Assembly finds and declares that it is in the best interest of the citizens of North
15	Carolina to promote and encourage the development of an industrial hemp industry in the State
16	in order to expand employment, promote economic activity, and provide opportunities to small

22	The General Assembly finds and declares that hemp is a viable agriculture commodity in this
23	State and that it is in the best interest of the citizens of North Carolina to:
24	(1) Promote the cultivation and processing of hemp and open new commercial
25	markets for farmers and businesses through the sale of hemp products.
26	(2) Promote the expansion of the State's hemp industry to the maximum extent
